HAMBLETON AND RICHMONDSHIRE COMMUNITY CAR SCHEME

User Guide

HAMBLETON AND RICHMONDSHIRE COMMUNITY CAR SCHEME

The Hambleton and Richmondshire Community Car Scheme is a service set up to help people who are unable to access public transport due to disability, age or where they live.

How can we help you?

We will endeavour to take you to any destination. However our service depends on volunteers, so we appreciate as much notice as possible. We make no promises but will do our best to meet your needs.

What does it cost?

Richmondshire

There is no registration or annual fee but there is a mileage charge - which currently stands at 45 pence per mile - to cover the cost of the driver's expenses and is subject to a minimum charge. Mileage is calculated from the driver's home to the destination and back. There is no charge applied for waiting but you may have to pay any car parking charges at a hospital, clinic, etc.

The Richmondshire car scheme is operated by non-profit making charitable organisations, with any mileage charge paid direct to the driver. We welcome new drivers.

Reeth Ring-to-Ride

There is nominal annual registration fee and charges vary dependent upon the reason for the journey or trip, but overall charges will not exceed 45 pence per mile.

Reeth operates an accessible small MPV and mini-bus and would welcome new volunteers to assist.

Additional Information

All our drivers have to supply references and undergo a Criminal Records Bureau (CRB) check. We ensure they have a current driving licence, MOT certificate and insurance for the vehicle they drive. We also provide public liability insurance for the driver whilst carrying out transport in association with the car scheme.

We provide transport for residents of Hambleton and Richmondshire.

All our drivers carry an id card - we will notify you of the driver's name.
